Subject: Permission to set up e-KYC desk for e-verification of base

Dear Sir,

प्रति आपुंकत (सा. प्र.)

It has always been our endeavor to provide quality service and cost effective means of communication in the changing environment of the cellular industry. As per government guidelines, E-verification of every citizen is required to be done. This would help in facilitation of Aadhar linking for the existing customer base, ensure proper verification of subscribers and address the security concerns pertaining to fake SIMs and mobile connections, according to sources which is being done in a phased and time-bound manner.

We are prioritizing the e-verification for our priority account base to be done at the earliest. For this, we are requesting your permission for setting up an E-KYC with service helpdesk at all your office locations. The whole idea behind a 'E-KYC, SERVICE HELPDISK' would be to facilitate the customer at his doorstep. These desks would facilitate your employees to provide all types of required assistance.

We at Vodafone want to associate with you and hereby bring to you bouquet of Products and services to you thereby strengthening our relations and focusing on better customer service.

We hereby request you to kindly grant us the permission to start the Helpdesk at the earliest.

Warm regards
